

Comtech Renews Messaging Service Contracts Worth \$19.5 Million for Global Telecom Organization

August 14, 2018

MELVILLE, N.Y.--(BUSINESS WIRE)--Aug. 14, 2018-- August 14, 2018— Comtech Telecommunications Corp. (Nasdaq: CMTL), announced today that its [Enterprise Technologies](#) group, which is part of Comtech's Commercial Solutions segment, has been awarded multi-year contract renewals worth \$19.5 million for various services and applications related to its virtual short messaging service center (vSMSC), of which \$14.2 million was received during its fourth quarter of fiscal 2018. The renewals were secured through a global telecom partner.

"We are pleased to continue this longstanding partnership that allows us to provide highly reliable and differentiated messaging services and applications for global mobile operators," said Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp. "Mobile messaging continues to be one of the most frequently used features among today's consumer. It's therefore important that the vSMSC provide the best possible experience operator messaging can offer, to influence subscriber loyalty and satisfaction."

Established through our global channel partnership, Comtech's [vSMSC](#) provides a high-capacity, operator-grade, multiprotocol SMS delivery application to support both traditional networks, as well as new IMS/LTE networks. The application is highly interoperable and serves as the inter-carrier messaging foundation for a wide variety of applications and technologies.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company sells products to a diverse customer base in the global commercial and government communications markets.
