

Comtech Showcasing 911 Solutions for States and Local Jurisdictions at NENA 2019

June 11, 2019

MELVILLE, N.Y. & ORLANDO, Fla.--(BUSINESS WIRE)--Jun. 11, 2019-- June 11, 2019-- Comtech Telecommunications Corp. (Nasdaq:CMTL), a world leader in secure and highly reliable communication technology, today announced that its Safety & Security Technologies (Comtech SST) group, which is part of Comtech's Commercial Solutions segment, will be exhibiting June 16th-17th at the annual National Emergency Number Association (NENA) Conference & Expo. Comtech SST will showcase its suite of transitional and Next Generation 911 (NG911) solutions for emergency call routing, Text to 911, and critical location data delivery designed for states and local jurisdictions.

Located at the Gaylord Palms Resort & Convention Center in Orlando, Comtech SST invites attendees to visit booth 619, meet its expanded family, hear about its comprehensive and award-winning NG911 product line, and discover an array of flexible deployment options, including cloud-based, hosted, in-network, and hybrid. Experts from Comtech's newly acquired General Dynamics Information Technology, Inc. (GDIT) state and local government NG911 business will also be on hand to discuss how PSAPs can reduce costs by deploying NG911 in the cloud and benefit from customer-dedicated resources in a shared environment.

Over the past 22 years, Comtech SST has developed an extensive portfolio of highly available 911 solutions for NG911, wireless Enhanced 911 (E911), Text to 911, VoIP and VoWiFi E911, and related emerging technologies. Voice Service Providers, states, and local jurisdictions nationwide rely on Comtech SST's portfolio of mission-critical products and services. Furthermore, Comtech offers the most comprehensive end-to-end in-house technical capabilities in the market and a full portfolio of service, system and integration capabilities, earning it the 2019 Frost & Sullivan North American Next Generation 9-1-1 Product Line Strategy Leadership Award.

Comtech SST experts will also address the topics of deploying cloud-based NG911 and launching statewide ALI service during NENA's morning Innovation Theatre sessions.

For more information, visit Comtech SST's website at www.comtech911.com.
