## Comtech Telecommunications Corp. to Participate in Boston UN Common Conference

MELVILLE, N.Y., Mar 5, 2009 (GlobeNewswire via COMTEX News Network) -- Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that it plans to participate in the Boston UN Common Conference. Investors are invited to listen to a live audio and video webcast of Comtech management at 11:15 a.m. Eastern time on March 12, 2009.

The live webcast will be available on a link on Comtech's website at [www.comtechtel.com](http://www.comtechtel.com). The link to our live presentation will become available just prior to the start of the presentation and will be available for on-demand use within 24 hours after the presentation is over. The webcast will be available on our website for 14 days following the conference.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company believes many of its solutions play a vital role in providing or enhancing communication capabilities when terrestrial communications infrastructure is unavailable or ineffective. The Company conducts business through three complementary segments: telecommunications transmission, mobile data communications and RF microwave amplifiers. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a market leader in the market segments that it serves.

Certain information in this press release contains statements that are forward-looking in nature and involve certain significant risks and uncertainties. Actual results could differ materially from such forward-looking information. The Company's Securities and Exchange Commission filings identify many such risks and uncertainties. Any forward-looking information in this press release is qualified in its entirety by the risks and uncertainties described in such Securities and Exchange Commission filings.
