## **Comtech Telecommunications Corp. Awarded \$3.7 Million of Orders for Communications Jamming High-Power Amplifier Systems**

MELVILLE, N.Y.--(BUSINESS WIRE)-- April 2, 2014--Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that its New York-based subsidiary, Comtech PST Corp., received follow-on orders totaling \$3.7 million for broadband, solid-state, high-power RF microwave amplifier systems from an international OEM.

The amplifier systems, which include the latest solid-state switching and transistor technology, and provide for very broad frequency coverage, will be utilized as part of communications jamming systems.

In commenting on this contract award, Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp., said, "These follow-on orders clearly demonstrate our continued leadership position in providing communications jamming technology and the ongoing need for our high-power broadband amplifiers that are utilized by major electronic warfare application programs in both domestic and international markets. We anticipate additional orders from this customer later this year."

Comtech PST Corp. ([www.comtechpst.com](http://www.comtechpst.com)) is a leading independent supplier of broadband, high-power, high performance RF microwave amplifiers for use in a broad spectrum of applications including defense, medical, satellite communications systems and instrumentation.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company believes many of its solutions play a vital role in providing or enhancing communication capabilities when terrestrial communications infrastructure is unavailable, inefficient or too expensive. The Company conducts business through three complementary segments: telecommunications transmission, RF microwave amplifiers and mobile data communications. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a market leader in the market segments that it serves.

Certain information in this press release contains statements that are forward-looking in nature and involve certain significant risks and uncertainties. Actual results could differ materially from such forward-looking information. The Company's Securities and Exchange Commission filings identify many such risks and uncertainties. Any forward-looking information in this press release is qualified in its entirety by the risks and uncertainties described in such Securities and Exchange Commission filings.
