

Comtech Telecommunications Corp. Receives \$2.6 Million Contract Award for High Power Amplifier Systems to Support the U.S. Military

March 25, 2019

MELVILLE, N.Y.--(BUSINESS WIRE)--Mar. 25, 2019-- March 25, 2019--Comtech Telecommunications Corp. (Nasdaq: CMTL) announced today that during its third quarter of fiscal 2019, its New York-based subsidiary, Comtech PST Corp., which is part of Comtech's Government Solutions segment, received a \$2.6 million contract award for high power amplifier systems from the U.S. Military.

These amplifier systems, which include the latest broadband solid-state transistor technology, provide for very broad frequency coverage and will be utilized as part of electronic warfare communication jamming systems.

In commenting on this contract award, Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp., said, "This order clearly demonstrates our continued leadership position in providing electronic warfare communications jamming technology and the ongoing demand for our high-power broadband amplifiers that are utilized by major electronic warfare application programs in both domestic and international markets."

Comtech PST Corp. (www.comtechpst.com) is a leading independent supplier of broadband, high-power, high performance RF microwave amplifiers and control components for use in a broad spectrum of applications including defense, medical, satellite communications systems and instrumentation.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company sells products to a diverse customer base in the global commercial and government communications markets.

Certain information in this press release contains statements that are forward-looking in nature and involve certain significant risks and uncertainties. Actual results could differ materially from such forward-looking information. The Company's Securities and Exchange Commission filings identify many such risks and uncertainties. Any forward-looking information in this press release is qualified in its entirety by the risks and uncertainties described in such Securities and Exchange Commission filings.
