

Comtech Telecommunications Corp. Receives \$4.0 Million Delivery Order for Satellite Earth Station Equipment

January 14, 2020

MELVILLE, N.Y.--(BUSINESS WIRE)--Jan. 14, 2020-- January 14, 2020-- Comtech Telecommunications Corp. (NASDAQ: CMTL) announced today that during its second quarter of fiscal 2020, its Tempe, Arizona-based subsidiary, Comtech EF Data Corp., which is part of Comtech's Commercial Solutions segment, received a delivery order in support of the awarded contract from the U.S. Naval Information Warfare Systems Command. This latest delivery order, against the \$59.0 million indefinite delivery/indefinite quantity ("IDIQ") contract, is for \$4.0 million.

The delivery order specified Comtech EF Data's SLM-5650B Satellite Modems and firmware upgrades. The SLM-5650B Satellite Modem is Comtech EF Data's latest generation modem product targeted for critical commercial backhaul, government and military applications. The SLM-5650B leverages the heritage and feature set of the SLM-5650A modem. The SLM-5650B supports backwards compatibility/inter-operability for existing SLM-5650A networks while providing enhanced performance and an expanded feature set. The commercially available modems will support satellite communications and interoperability across the Navy's platforms and shore sites.

"We are honored to have the opportunity to continue supporting the U.S. Navy's satellite communications requirements with our latest generation solutions," said Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp.

Comtech EF Data Corp. is a leading supplier of communications equipment with a focus on satellite bandwidth efficiency and link optimization. The high-performance satellite communications ground equipment is deployed globally to support mission-critical and demanding applications for government, mobile backhaul, premium enterprise and mobility. Service providers, satellite operators, governments and commercial users wanting to optimize communications, increase throughput and delight customers, are leveraging the performance and flexibility of the Comtech brand. The solutions are facilitating fixed and mobile networks in 160+ countries and across every ocean. For more information, visit www.comtechedata.com.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company sells products to a diverse customer base in the global commercial and government communications markets.
