

Comtech Telecommunications Corp. Receives \$1.8 Million Delivery Order to Support Critical Air Force and Army Anti-Jam Modem Program

June 29, 2020

MELVILLE, N.Y.--(BUSINESS WIRE)--Jun. 29, 2020-- June 29, 2020--Comtech Telecommunications Corp. (NASDAQ: CMTL) announced today that during its fourth quarter of fiscal 2020, its Tempe, Arizona-based subsidiary, Comtech EF Data Corp., which is part of Comtech's Commercial Solutions segment, received a delivery order in support of a recently awarded contract for engineering services from a large prime U.S. Department of Defense ("DoD") contractor. This latest delivery order is for \$1.8 million to support a critical Air Force and Army Anti-jam Modem ("A3M") program under the U.S. Space Force's Space and Missile Systems Center ("SMC"). The \$4.7 million contract has been funded \$2.3 million to date.

The A3M program will provide the Air Force and Army with a secure, wideband, anti-jam satellite communications terminal modem for tactical satellite communication operations. The jam-resistant modems will support SMC's Protected Tactical Waveform technology, an anti-jam capability operating on military satellite communication terminals through the Wideband Global Satcom constellation.

"Under this new delivery order, we will continue providing engineering services for the Air Force and Army anti-jam modem program," said Fred Kornberg, Chairman of the Board and Chief Executive Officer of Comtech Telecommunications Corp.

Comtech EF Data Corp. is a leading supplier of communications equipment with a focus on satellite bandwidth efficiency and link optimization. The high-performance satellite communications ground equipment is deployed globally to support mission-critical and demanding applications for government, mobile backhaul, premium enterprise and mobility. Service providers, satellite operators, governments and commercial users wanting to optimize communications, increase throughput and delight customers, are leveraging the performance and flexibility of the Comtech brand. The solutions are facilitating fixed and mobile networks in 160+ countries and across every ocean. For more information, visit www.comtechedata.com.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company sells products to a diverse customer base in the global commercial and government communications markets.
