

Comtech Telecommunications Corp. Awarded \$1.6 Million Contract for High-Power Solid-State Amplifiers

May 26, 2021

MELVILLE, N.Y.--(BUSINESS WIRE)--May 26, 2021-- May 26, 2021-- Comtech Telecommunications Corp. (NASDAQ: CMTL), a world leader in secure wireless communications technologies, announced today that during its third quarter of fiscal 2021, its New York-based subsidiary, Comtech PST Corp., which is part of Comtech's Government Solutions segment, was awarded an additional \$1.6 million contract for RF microwave solid-state amplifiers from a major domestic prime contractor, adding to an initial \$1.7 million contract awarded earlier this fiscal year.

These very high-power solid-state amplifiers, which utilize the latest in solid-state GaN transistor technology, were developed in close cooperation with the prime contractor and are part of a complex RF microwave transmission system used by the U.S. Military.

"This additional order is another example of Comtech's technical strength in delivering high-power solid-state transmitter solutions for military applications and the ongoing demand for our high-power solid-state amplifier products," said Fred Kornberg, Chairman of the Board and Chief Executive Officer of Comtech Telecommunications Corp.

Comtech PST Corp. (www.comtechpst.com) is a leading independent supplier of broadband, high-power, high performance RF microwave amplifiers and control components for use in a broad spectrum of applications including defense, medical, satellite communications systems and instrumentation.

Comtech Telecommunications Corp. is a leader in the global communications market headquartered in Melville, New York. With a passion for customer success, Comtech designs, produces and markets advanced secure wireless solutions to more than 1,000 customers in more than 100 countries.
