

## Comtech Telecommunications Corp. Awarded \$7.1 Million Emergency Alerts Contract to Enhance Nationwide Public Safety

July 20, 2021

MELVILLE, N.Y.--(BUSINESS WIRE)--Jul. 20, 2021-- July 20, 2021-- Comtech Telecommunications Corp. (NASDAQ: CMTL), a world leader in next-generation 911 emergency systems and secure wireless communication technologies, announced today that, during its fourth quarter of fiscal 2021, it has been awarded a \$7.1 million multi-year contract for the deployment of a cellular-based Wireless Emergency Alerts ("WEA") solution with a tier-one mobile network operator. This is Comtech's first major award for a WEA solution.

Comtech will install the containerized WEA solution consisting of the Commercial Mobile Service Provider ("CMSP") Gateway and Cell Broadcast Center ("CBC"). This service allows the citizens in the area to receive government-issued alerts on their mobile devices warning them of imminent threats to life and property based on location, such as tornado warning alerts. The Comtech WEA solution supports the latest Federal Communications Commission ("FCC") WEA requirements as well as the operator's LTE and 5G networks.

"This public-safety centered application aligns with Comtech's focus on improving emergency-related communications," said Fred Kornberg, Chairman of the Board and Chief Executive Officer of Comtech Telecommunications Corp. "We are honored this customer has chosen Comtech for this vital solution to help protect citizens in times of crisis."

The Location Technologies group of Comtech is a leading provider of precise device location, mapping and messaging solutions for public safety, mobile network operators, and enterprise solutions. Sold around the world to mobile network operators, government agencies, and Fortune 100 enterprises, our platforms locate, map, track and message.
