

Comtech Telecommunications Corp. Awarded \$1.8 Million Contract for High-Power Solid-State Amplifiers

November 17, 2021

MELVILLE, N.Y.--(BUSINESS WIRE)--Nov. 17, 2021-- November 17, 2021-- Comtech Telecommunications Corp. (NASDAQ: CMTL), a leading global provider of next-generation 911 emergency systems and secure wireless communications technologies, announced today, that during its first quarter of fiscal 2022, it was awarded an additional contract valued at \$1.8 million for RF microwave solid-state amplifiers from a major domestic prime contractor.

These very high-power solid-state amplifiers, which utilize the latest in GaN transistor technology, were developed in close cooperation with the prime contractor and are part of a complex RF microwave transmission system used by the U.S. military.

"This additional contract award is another example of Comtech's technical strength in delivering high-power solid-state transmitter solutions for military applications and the ongoing demand for our high-power solid-state amplifier products," said Fred Kornberg, Chairman of the Board and Chief Executive Officer of Comtech Telecommunications Corp.

The contract was awarded to Comtech PST Corp. (www.comtechpst.com) which is a leading independent supplier of high-power, high performance RF microwave amplifiers, transmitters and control components for use in a broad spectrum of applications including defense, medical, satellite communications systems and instrumentation.

Comtech Telecommunications Corp. is a leading global provider of next-generation 911 emergency systems and secure wireless communications technologies to commercial and government customers around the world. Headquartered in Melville, New York and with a passion for customer success, Comtech designs, produces and markets advanced and secure wireless solutions.
