## **Comtech Telecommunications Corp. Awarded Orders for \$4.1 Million for High-Power Amplifiers and Control Components**

MELVILLE, N.Y.--(BUSINESS WIRE)-- August 3, 2017-- Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that during its fourth quarter of fiscal 2017, its New York-based subsidiary, Comtech PST Corp., which is part of Comtech's Government Solutions segment, has received orders totaling approximately \$4.1 million for solid-state, high-power RF amplifiers and control components from multiple domestic OEMs.

These amplifiers and control components are key elements in complex data communication systems and these orders supplement an installed base of Comtech solid-state, high-power RF amplifiers and control components previously delivered to these major OEMs.

In commenting on this contract award, Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp said, "These orders clearly demonstrate our continued leadership position in providing communications technology and the ongoing need for our solid-state, high-power amplifiers and control components that are utilized by major OEMs in both domestic and international markets. We anticipate additional orders from these customers in the future."

Comtech PST Corp. ([www.comtechpst.com](http://www.comtechpst.com)) is a leading independent supplier of broadband, high-power, high performance RF microwave amplifiers and control components for use in a broad spectrum of applications including defense, medical, satellite communications systems and instrumentation.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company sells products to a diverse customer base in the global commercial and government communications markets.
