Comtech Telecommunications Corp. Awarded a \$1.2 Million Order for High-Power Amplifiers

MELVILLE, N.Y., Dec 2, 2009 (GlobeNewswire via COMTEX News Network) -- Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that its Melville, New York-based subsidiary, Comtech PST Corp., has received a \$1.2 million order from a domestic prime contractor to supply broadband, solid-state, high-power radio signal jamming amplifiers.

These amplifiers, which include the latest solid-state transistor technology and provide for very broad frequency coverage, are key components in jamming systems manufactured by our customer.

Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp., said, "Comtech PST continues its success and recognition as a premier supplier of solid-state, high-power amplifiers to the worldwide electronic warfare marketplace."

Comtech PST Corp. (www.comtechpst.com) is a leading independent supplier of broadband, high-power, high performance RF microwave amplifiers for use in a broad spectrum of applications including defense, medical, satellite communications systems and instrumentation.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company believes many of its solutions play a vital role in providing or enhancing communication capabilities when terrestrial communications infrastructure is unavailable, inefficient or too expensive. The Company conducts business through three complementary segments: telecommunications transmission, mobile data communications and RF microwave amplifiers. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a market leader in the market segments that it serves.

Certain information in this press release contains statements that are forward-looking in nature and involve certain significant risks and uncertainties. Actual results could differ materially from such forward-looking information. The Company's Securities and Exchange Commission filings identify many such risks and uncertainties. Any forward-looking information in this press release is qualified in its entirety by the risks and uncertainties described in such Securities and Exchange Commission filings.
