Comtech Telecommunications Corp. Announces Maintenance Renewal Worth More Than \$2.3 Million for Multiple Location-Based Services Platforms

MELVILLE, N.Y.--(BUSINESS WIRE)-- December 19, 2017-- Comtech Telecommunications Corp. (Nasdaq: CMTL) announced today that during its second quarter of fiscal 2018, its Enterprise Technologies group, which is part of Comtech's Commercial Solutions segment, received a maintenance renewal worth more than \$2.3 million with a key Fortune 100 customer licensing various location-based services (LBS) platforms, including Comtech's Xypoint[®] Gateway Mobile Location Center (GMLC) and Secure User Plane Location (SUPL) Server.

"Comtech is capable of providing every element of the LBS value chain, including location infrastructure, allowing mobile operators to reduce time to market and implementation costs, while eliminating integration problems typically associated with launching new location services," said Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp. "This has allowed us to build strong ongoing customer relationships that continue to rely on our trusted end-to-end LBS solutions."

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company sells products to a diverse customer base in the global commercial and government communications markets.

Certain information in this press release contains statements that are forward-looking in nature and involve certain significant risks and uncertainties. Actual results could differ materially from such forward-looking information. The Company's Securities and Exchange Commission filings identify many such risks and uncertainties. Any forward-looking information in this press release is qualified in its entirety by the risks and uncertainties described in such Securities and Exchange Commission filings.
