Comtech Receives \$1.3 Million of Orders from International Space Customer

MELVILLE, N.Y.--(BUSINESS WIRE)-- October 26, 2017--Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that during its first quarter of fiscal 2018, its Command & Control Technologies group, which is part of Comtech's Government Solutions segment, has received orders totaling \$1.3 million from a long term international space and communications customer.

"We are pleased that our customers continue to recognize the unique value of Comtech's expertise in space-level supply chain management and engineering services," said Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp. "This is one of a number of key programs that Comtech supports within the global space industry where we have had a presence for over 40 years."

The Command & Control Technologies group is a leading provider of mission-critical, highly-mobile C4ISR solutions.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company sells products to a diverse customer base in the global commercial and government communications markets.

Certain information in this press release contains statements that are forward-looking in nature and involve certain significant risks and uncertainties. Actual results could differ materially from such forward-looking information. The Company's Securities and Exchange Commission filings identify many such risks and uncertainties. Any forward-looking information in this press release is qualified in its entirety by the risks and uncertainties described in such Securities and Exchange Commission filings.
