Comtech Telecommunications Corp. Awarded \$1.5 Million Order for Power Amplifier Power Supply Modules to Support the U.S. Military

MELVILLE, N.Y.--(BUSINESS WIRE)-- December 22, 2014-- Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that its New York-based subsidiary, Comtech PST Corp., received a \$1.5 million order for the refurbishment of power amplifier power supply modules from the U.S. Military.

These power amplifier power supply modules are key components used in radar systems currently fielded by the U.S. Military.

In commenting on this contract award, Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp., said, "This follow on order is another demonstration of Comtech's technical strength in delivering and supporting products for the military radar market. We anticipate additional orders from this customer to be issued against a previously awarded Basic Ordering Agreement."

Comtech PST Corp. (www.comtechpst.com) is a leading independent supplier of broadband, high-power, high performance RF microwave amplifiers for use in a broad spectrum of applications including defense, medical, satellite communications systems and instrumentation.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company believes many of its solutions play a vital role in providing or enhancing communication capabilities when terrestrial communications infrastructure is unavailable, inefficient or too expensive. The Company conducts business through three complementary segments: telecommunications transmission, RF microwave amplifiers and mobile data communications. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a leader in most of the market segments that it serves.

Certain information in this press release contains statements that are forward-looking in nature and involve certain significant risks and uncertainties. Actual results could differ materially from such forward-looking information. The Company's Securities and Exchange Commission filings identify many such risks and uncertainties. Any forward-looking information in this press release is qualified in its entirety by the risks and uncertainties described in such Securities and Exchange Commission filings.
