TeleCommunication Systems CEO Re-Elected to Board of Directors of CTIA-The Wireless Association

Note: Comtech Acquired TCS on 2/23/2016

ANNAPOLIS, Md., Oct. 10, 2012 /PRNewswire/ -- TeleCommunication Systems, Inc. (TCS) (NASDAQ: TSYS), a world leader in highly reliable and secure [mobile communication technology](#), today announced that its Chief Executive Officer, President and Chairman of the Board Maurice B. Tose has been re-elected to the board of directors of CTIA-The Wireless Association[®]. CTIA is an international nonprofit membership organization that has represented the wireless communications industry since 1984.

News Facts:

- | Mr. Tose's third one-year term will begin January 1, 2013.
- | Having also served on CTIA's Executive Committee over the past year, Mr. Tose represented the issues facing CTIA's other supplier members.
- | TCS participated in the establishment of the CTIA Cyber Security Working Group, focusing on best practices and finding countermeasure solutions to known vulnerabilities.
- | TCS and CTIA spearheaded efforts to ensure that 9-1-1 liability protection was included in the 2012 JOBS Act.
- | CTIA members are participating in TCS' introduction of SMS to 9-1-1 to revolutionize emergency communications, especially for the deaf and hearing-impaired community.

Supporting Quotes:

- | **Maurice B. Tose, CEO, TeleCommunication Systems**, said:
"CTIA is the country's leading platform for ensuring that the wireless industry's voice is heard in the halls of power and that technology innovation is fostered and protected. I am honored to continue supporting their mission as a member of the CTIA board, and look forward to addressing the many challenges facing our industry."
- | **Steve Largent, president and CEO, CTIA-The Wireless Association**, said:
"I am pleased that Maurice has been re-elected to the CTIA Board of Directors. In the last two years, he has proven to be a valuable asset in our efforts to develop industry standards and programs that enhance public safety and cybersecurity, and to educate policymakers, consumers and businesses about how wireless technology enables greater efficiency and productivity."
