TeleCommunication Systems to Exhibit at MILCOM 2011

Attendees Encouraged to Stop by Booth #923 to Learn More About Company's Capabilities

Note: Comtech Acquired TCS on 2/23/2016

ANNAPOLIS, MD, Nov 02, 2011 -- TeleCommunication Systems, Inc. (TCS) (NASDAQ: TSYS), a world leader in highly reliable and secure mobile communication technology, today announced that it will be exhibiting at MILCOM 2011, which will take place November 7-10 at the Baltimore Convention Center in Baltimore, MD. TCS representatives will be on hand at Booth 923 to discuss the company's capabilities and display its deployable communications solutions, including Tactical Transportable TROPO (3T), SwiftCell Tactical Cellular, Wireless Point-to-Point Link (WPPL-D) and Army-proven, battle-ready SNAP satellite-based product lines.

MILCOM 2011 celebrates its 30th anniversary as the premier international conference for military communications. It gives industry the opportunity to promote communications technologies and services to commanders from all branches of the armed forces, Department of Defense, federal government, and the heads of multi-national forces from around the globe.

WHAT: TeleCommunication Systems (TCS) exhibition at MILCOM 2011

WHERE: Booth # 923, Baltimore Convention Center, Baltimore, MD

WHEN: November 7-10, 2011

TCS has established a proven track record for more than two decades as a trusted provider of communication technology solutions to solve the government's toughest technical challenges under conditions that demand the highest level of reliability, availability and security. To ensure mission continuity, TCS offers deployable communications solutions and complete end-to-end managed services for converged (IP-based) voice, video and data solutions to organizations requiring seamless, highly secure connectivity between fixed sites and remote operations.

About TeleCommunication Systems, Inc.

TeleCommunication Systems, Inc. (TCS) (NASDAQ: TSYS) is a world leader in highly reliable and secure mobile communication technology. TCS infrastructure forms the foundation for market leading solutions in E9-1-1, text messaging, commercial location and deployable wireless communications. TCS is at the forefront of new mobile cloud computing services providing wireless applications for navigation, hyper-local search, asset tracking, social applications and telematics. Millions of consumers around the world use TCS wireless apps as a fundamental part of their daily lives. Government agencies utilize TCS' cyber security expertise, professional services, and highly secure deployable satellite solutions for mission-critical communications. Headquartered in Annapolis, MD, TCS maintains technical, service and sales offices around the world. To learn more about emerging and innovative wireless technologies, visit www.telecomsys.com.
