Comtech Receives an Award in Excess of \$2.0 Million From Major U.S. Prime Contractor

MELVILLE, N.Y.--(BUSINESS WIRE)-- May 30, 2018-- Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that during its third quarter of fiscal 2018, its Command & Control Technologies group, which is part of Comtech's Government Solutions segment, has received a contract from a major U.S. prime contractor for the supply of multiple XY satellite tracking antennas in support of a critical U.S. government program.

"We are pleased to support our prime contractor with our extensive experience and proven design capability of our cost-effective, high performance, XY antenna pedestal technology," said Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp.

The Command & Control Technologies group is a leading provider of mission-critical, highly-mobile C4ISR solutions. The Space & Component Technology Division, located in Cypress, California, specializes in the supply of XY satellite tracking antennas specifically designed for low earth orbit (LEO) and medium earth orbit (MEO) satellite tracking in support of Earth Observation, Remote Sensing, and TT&C applications. Comtech also offers low-cost radome solutions and carbon fiber reflectors to support LEO, MEO, and GEO antenna operations in all environments.
